

REVISED
CONFINED SPACE RESCUE PLAN

For The

Barkhamsted Fire District

Including The

Barkhamsted East Fire Department

&

Pleasant Valley Fire Department

&

Riverton Fire Department

Adopted 12/08/04

The Confined Space Policy that was adopted by the Barkhamsted Fire District of 10-1-02 is, until further notice, suspended and not in use. This move is being made because there does not appear to be sufficient manpower and training to implement this policy in the Town of Barkhamsted. Should a confined space incident occur in the Town of Barkhamsted then the fire department with jurisdiction shall call for mutual aid assistance from neighboring departments that are trained and qualified to mitigate this type of event.
